

Part Time ITE/WSQ courses admission criteria to NYP courses

This document lists the list of relevant NYP full-time courses that part time ITE Higher Nitec/Nitec holders and WSQ Diploma holders may apply via Direct Admissions Exercise (DAE).

In addition, applicants must meet the following requirement:

Part time Higher Nitec/Nitec:

- Minimum GPA requirement: Higher NITEC holders – GPA \geq 2.0 or NITEC holders – GPA \geq 3.5 **and**
- Minimum 1 year of relevant working experience

WSQ Diploma holders:

- Level 6 WSQ Workplace Literacy SOA and Workplace Numeracy SOA **and**
- Minimum 1 year of relevant working experience

The Polytechnic reserves the right to discontinue any courses, alter courses, admission requirements or amend any other information without prior notice.

Common Engineering Programme

The first academic semester is common to all students. Students may choose to take the Electronics-Aerospace-Computer Engineering Track or the Mechanical-Aerospace-Biomedical Engineering Track in the second academic semester. At the end of academic year 1, they will opt for one of the 10 Diploma courses:

- Advanced & Digital Manufacturing
- Aeronautical & Aerospace Technology
- Aerospace Systems & Management
- AI & Data Engineering
- Biomedical Engineering
- Electronic & Computer Engineering
- Engineering with Business
- Infocomm & Media Engineering
- Nanotechnology & Materials Science
- Robotics & Mechatronics

Notes:

Applicants with colour vision deficiency, applying for the following courses, may encounter difficulties meeting the course requirements and expectations.

- Diploma in Biomedical Engineering
- Diploma in Electronic & Computer Engineering
- Diploma in Infocomm & Media Engineering
- Diploma in Nanotechnology & Materials Science
- Diploma in Robotics & Mechatronics

Applicants with colour vision deficiency, hearing and other physical impairment, applying for the following courses, may encounter difficulties meeting the course requirements and expectations.

- Diploma in Aeronautical & Aerospace Technology
- Diploma in Aerospace Systems & Management

Applicants with severe colour vision deficiency may encounter difficulties in some modules with high reliance on colour usage. Such candidates may be required to attend an interview to determine their suitability for admission to the course.

- Common Design & Media Programme
- Diploma in Animation & Visual Effects
- Diploma in Communication & Motion Design
- Diploma in Experiential Product & Interior Design

SCHOOL OF ENGINEERING

C31 AI & Data Engineering

- NICF Diploma in Infocomm Technology (Data)

C75 Infocomm & Media Engineering

- NICF Diploma in Infocomm Technology (Data)
- NICF Diploma in Infocomm Technology (Professional Services)
- NICF Diploma in Infocomm Technology (Software and Applications)
- NICF Diploma in Infocomm Technology (Support)
- WSQ Specialist Diploma in Media (Content Production and Management)

C42 Common Engineering Programme

- NICF Diploma in Infocomm Technology (Data)
- NICF Diploma in Infocomm Technology (Professional Services)
- NICF Diploma in Infocomm Technology (Software and Applications)
- NICF Diploma in Infocomm Technology (Support)
- WSQ Specialist Diploma in Media (Content Production and Management)

Common Engineering Programme

The first academic semester is common to all students. Students may choose to take the Electronics-Aerospace-Computer Engineering Track or the Mechanical-Aerospace-Biomedical Engineering Track in the second academic semester. At the end of academic year 1, they will opt for one of the 10 Diploma courses:

- Advanced & Digital Manufacturing
- Aeronautical & Aerospace Technology
- Aerospace Systems & Management
- AI & Data Engineering
- Biomedical Engineering
- Electronic & Computer Engineering
- Engineering with Business
- Infocomm & Media Engineering
- Nanotechnology & Materials Science
- Robotics & Mechatronics

Notes:

Applicants with colour vision deficiency, applying for the following courses, may encounter difficulties meeting the course requirements and expectations.

- Diploma in Biomedical Engineering

- Diploma in Electronic & Computer Engineering
- Diploma in Infocomm & Media Engineering
- Diploma in Nanotechnology & Materials Science
- Diploma in Robotics & Mechatronics

Applicants with colour vision deficiency, hearing and other physical impairment, applying for the following courses, may encounter difficulties meeting the course requirements and expectations.

- Diploma in Aeronautical & Aerospace Technology
- Diploma in Aerospace Systems & Management

SCHOOL OF INFORMATION TECHNOLOGY

C35 Business & Financial Technology

- NICF Diploma in Infocomm Technology (Data)
- NICF Diploma in Infocomm Technology (Professional Services)
- NICF Diploma in Infocomm Technology (Software and Applications)
- NICF Diploma in Infocomm Technology (Support)

C43 Applied AI & Analytics

- NICF Diploma in Infocomm Technology (Data)
- NICF Diploma in Infocomm Technology (Professional Services)
- NICF Diploma in Infocomm Technology (Software and Applications)
- NICF Diploma in Infocomm Technology (Support)

C54 Cybersecurity & Digital Forensics

- NICF Diploma in Infocomm Technology (Data)
- NICF Diploma in Infocomm Technology (Professional Services)
- NICF Diploma in Infocomm Technology (Software and Applications)
- NICF Diploma in Infocomm Technology (Support)

C80 Infocomm & Security

- NICF Diploma in Infocomm Technology (Data)
- NICF Diploma in Infocomm Technology (Professional Services)
- NICF Diploma in Infocomm Technology (Software and Applications)
- NICF Diploma in Infocomm Technology (Support)

C85 Information Technology

- NICF Diploma in Infocomm Technology (Data)
- NICF Diploma in Infocomm Technology (Professional Services)
- NICF Diploma in Infocomm Technology (Software and Applications)
- NICF Diploma in Infocomm Technology (Support)

C36 Common ICT Programme

- NICF Diploma in Infocomm Technology (Data)
- NICF Diploma in Infocomm Technology (Professional Services)
- NICF Diploma in Infocomm Technology (Software and Applications)
- NICF Diploma in Infocomm Technology (Support)

Common ICT Programme

The first semester is common to all students and they will opt for one of the following Diploma courses at the end of Year 1:

- Business & Financial Technology
- Cybersecurity & Digital Forensics
- Infocomm & Security
- Information Technology
